

# LOMI LOMI ADVANCED PRACTITIONER

This 4 day training retreat (Level 4 Advanced Practitioner) is for Lomi Lomi Practitioners who are ready to deepen their spiritual connection to themselves & their ancestors through the BONES & INNER TRANSFORMATIONAL WORK (HANA)!

This training is open to all who have completed Practitioner training with myself. Other practitioners may apply to participate.

A deep & held space is created for our group. As practitioners, we have the experience of holding deep space for our clients. It is essential for us to keep a clear line of communication & mana between us & our ancestors for our healing, to guide & protect us, and those who trust us in their healing.

This retreat is about fortifying our connections to Spirit, our ancestors, our supports. Being in a group of fellow practitioners is very comforting & healing for us. Seemingly random conversations can give us insights. Space to share our challenges. Being heard & felt. This is what the ancient Hawaiians knew as COMMUNITY. This is what it's all about. This is Aloha!

**Due to the nature of this deep work, places are limited & an application process applies.**
